Meet and Greet with Bristow's new Nurse Practitioner at Bristow Medical Center

Bristow, Oklahoma – 04-13-2009

Bristow Medical Center will be hosting a "meet and greet" session with Sherri Richardson, Bristow Medical Center's new Nurse Practitioner on Friday, April 17th from 12-2pm in the BMC Clinic. "We would like to invite the community to come out and welcome Sherri to Bristow. We will have cake and punch to celebrate her full time status at Bristow Medical Center. It will be a great opportunity for families to come out to meet and get to know her, especially those with children since Sherri has a great passion for pediatrics," says David Jamin, CEO of Bristow Medical Center.

Sherri Richardson is an Advanced Registered Nurse Practitioner and has her Family Nurse Practitioner master's degree from the University of Oklahoma. Though her studies started with a BSBA in Finance from Oklahoma State University in '91, Richardson always had a passion for helping people and becoming a nurse. After having children she decided to fulfill that passion and left finance to go back to school and fulfill her goal in the medical field. Sherri specializes in the treatment of minor illnesses and injuries for patients of all ages.

"I am so excited to start practicing in Bristow. The people are already so welcoming and I can't wait to practice and serve in this community," says Richardson.

About Bristow Medical Center

Bristow Medical Center is a 30-bed hospital that has offered excellent local service for the residents of Bristow and the surrounding areas for over 50 years. The mission of Bristow Medical Center is to create an environment where healing can occur and wellness is promoted. The hospital employs over 50 medical professionals and offers a wide variety of services such as: a 24-hour emergency room, general surgery, cardiology clinics, mobile mammography, radiology, lab, speech therapy, MRI, CT, sleep lab, respiratory therapy, physical therapy, ultrasound, home health, and excellent inpatient care.
