Re: Letter of Recommendation

To Whom It May Concern:

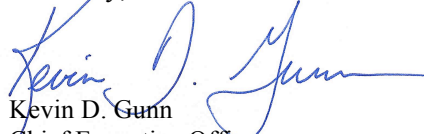

Jenna Liston has been in the employ of Community Partners Healthcare since March of 2008 where she has served as the Corporate Marketing Coordinator to our field hospitals, our home health company, and our rehab company in the northeastern and north central parts of Oklahoma.

Jenna has proven herself to be an asset to our organization. She has been vital in the planning and development of several marketing initiatives that have helped to bolster our company's image as a caring rural community healthcare provider in the communities we serve. She has helped to plan events such as community walks, employee health and wellness events, and marketing campaigns.

Jenna has been very helpful to our hospital executives with our plans to open an aquatic therapy center in Mannford. She has also done an extensive amount of marketing research, design, coordination of marketing materials, web site design, implementation, and proposals for marketing services to our hospital executives. Jenna has exhibited excellent creativity and communication skills which I am sure will continue to serve her well in any position she pursues in the future.

I am happy to personally recommend Jenna and will gladly answer any questions you may have. Please feel free to contact me at 918-392-1994 x203 or at my email address kgunn@community-partners.com.

Sincerely,

Kevin D. Gunn
Chief Executive Officer
